

SPEED PROCESS LLC

Professional Process Serving & Legal Support Services

SERVICE CATALOG

Professional legal document and process-serving support from Speed Process LLC.

01	Process Serving Professional service of legal documents with organized handling and service updates.
02	Legal Document Delivery Reliable delivery support for legal and official documents based on client instructions.
03	Skip Tracing Research assistance to help locate individuals when available address information is incomplete or outdated.
04	Address Verification Support for checking and validating address information before or during a service assignment.
05	Legal Support Services Related administrative and investigative support for attorneys, law firms, businesses, and individuals.
06	Client Communication & Updates Clear communication and status updates throughout the service workflow.

How It Works

1. Submit your service request and required documents.
2. Provide the relevant recipient, location, and assignment details.
3. Speed Process coordinates the service according to the request.
4. Receive service status and relevant updates.
5. Access available supporting documentation for the completed assignment.
